

# PLANET SCUBA

## *DIVE INTO OUR UNIVERSE*

We invite you to join us on one of our exciting group, instructor escorted trips!

### Caribbean: AQUA CAT "09"

105 FOOT LUXURY LIVE-ON-BOARD

Dates: **SPRING BREAK 2008** : 21 March 2009 7 nights

#### Dive site profile:

Dive the reefs, wrecks, walls, drifts and the blue hole and even a thrilling shark dive! The Exuma Sound is an abyss that runs the length of the eastern Exumas. The coral cover and underwater geography is phenomenal, with swim-throughs, tongue and groove coral heads, and prolific sea life. You'll see large fish and large quantities of fish. Pelagic sightings are a daily occurrence. Sea turtles, eagle rays and sharks abound in this area of the Bahamas. You can also snorkel most of the sites in the Exumas and enjoy the gin clear waters of the central Caribbean.

#### DIVE SHIP PROFILE:

**Aqua Cat Cruises** offers a leisurely liveaboard adventure in paradise. Each week we set sail from Nassau to the Exuma Islands on the 110' luxury live-a-board catamaran, Aqua Cat. This is the ultimate escape aboard your own private yacht. We have 4 cabins allocated for this trip-all with private bath, large picture windows and include food, drinks and all diving.

#### SPECIAL NOTES:

**No crowds, no set itineraries**, nothing to do but sit back, relax and choose from an incredible variety of activities: sailing, cruising, snorkeling, scuba diving, kayaking, bird watching and of course, island exploring. Consider the AQUA CAT a 5 STAR floating bed and breakfast; your private floating hotel, with captain and crew at your service. Our crew handle all of the details. With an open bar and all beverages, meals, water sports and diving included in the price, it's comparable to a luxury cruise or resort vacation, only the service is much more personal on our live aboard catamaran, the AQUA CAT.

**Kayak the cays and inlets**, explore the many uninhabited beaches, and even big game fish from our sail boat, the AQUA CAT!
