## FIJI FANTASTIC ! CHRISTMAS SPECIAL

Dates: December 22nd 2009

22 December –2 January 2009 : 9 nights

**Our Dive Host BEQA LAGOON:** Fiji's Finest dive resort!

Surrounded by over 190 miles of spectacular coral, Beqa Lagoon is one of the worlds largest barrier reefs. Diving these calm protected waters is like exploring another world. The water is clear and warm, visibility is typically over 100 feet, currents are mild, and the water temperature stays a fairly constant 80 F (26.5 C). Many of the most spectacular dive sights are only a few minutes from shore, and if you stayed long enough, you could explore over 100 different sights! The Dive Masters at Beqa Lagoon have been diving in these waters since they were children and are some of the most caring people you ever meet. Our divers know every reef and coral head, and if you stay close they will show you some of the most intriguing creatures ever. Blue Ribbon Eels, Clown Triggers, Lion Fish, Leaf Scorpions, Reef Sharks and millions of colorful Anthias and Fusiliers all abound in these waters.

### Hotel:BEQA LAGOON RESORT

The most striking feature of Beqa Lagoon Resort is its seclusion. Only fifteen square kilometers, Beqa Island has no roads, no towns and only a few isolated villages scattered around the perimeter. The island is skirted by stretches of sandy beach laced with mysterious tide pools. We often spent hours before sunset picking up shells and broken coral along the beach and watching strange little starfish that move quickly using their legs like an octopus. Although the resort grounds are neatly groomed, colorful island critters still have free range. Beqa Lagoon Resort's private villas (called bures) are spacious and deluxe. Tucked in the coconut trees, just a few meters back from the beach, each bure is uniquely furnished with rattan and bamboo and decorated with colorful splashes of fabric and works of art. Every beachfront bure has its own spacious courtyard with a plunge pool and bamboo fence to ensure your privacy and a cozy hammock to relax in. The Honeymoon bure also has a romantic outdoor shower. Our intimate resort features 25 deluxe, private air-conditioned villas (called bures) spread out beneath the lush tropical landscape. Each of these generously sized mini-suites are beautifully appointed with traditional island décor. (<http://www.beqalagoonresort.com/>)
