## *DIVE INTO OUR UNIVERSE*

**We invite you to join us on this super 'big critter / big fun ' ”  
Thanksgiving 2012 adventure  
BAHAMAS CARIB DANCER : LIVE-ON-BOARD**

Dates: November 17th-24th 2012 (Thanksgiving week)

Trip profile: **Exuma Cays**

Embarking in Nassau with its easy access to numerous international flights the Carib Dancer will cruise through the Exuma Land & Sea Park which consists of over 350 small islands and cays. Blue waters that are thick with coral reefs and alive with an abundance of ocean critters such as angle fish, butterfly fish, groupers, barracudas, reef sharks and rays. A great mixtures of Pelagic and Macro along with super clear, blue water. The tourist brochures honestly claim that “it’s better in the Bahamas”. The array of small islands and cays allows us not only great diving and snorkeling but easy access to deserted beaches. The small islands offer protection from any weather for comfortable night anchorages.
